

Task Performance

Privacy Activities

Objective:

At the end of the exercise, the students should be able to:

- Identify how privacy-related activities fit into the system development life cycle.

Materials:

- Internet connection
- Microsoft Word

Procedures:

1. Pick one (1) social-media website, app, or another popular service.
2. Look up the privacy policy for that site, app, or service, and briefly explain and discuss the following questions:
 1. What does the privacy policy for the app/site/service you chose say about:
 - a. What data is collected by the company;
 - b. What your data can be used for;
 - c. Who they share your data with; and
 - d. What those third parties can use your data for.
 2. Based on your observation, what are the rooms for improvement that you can suggest in their privacy policies?

GRADING RUBRIC (5 items x 20 points)

Criteria	Performance Indicator	Points
Content	Correct ideas, concepts, descriptions, and feedback were included.	10
Relevance	The student's explanations are relative to the correct concepts.	5
Organization	Ideas and concepts were presented in an organized manner.	5
Total		20
